Nursery Propagation & Supply*

*Vetiver zizanioides V. Sw.*  
"vetiver"

*Vetiver zizanioides V. Sw.*  
"vetiver"  
Richard G. Grimshaw - Founder

*Vetiver zizanioides V. Sw.*  
"vetiver"  
The plant grows in large clumps from a much-branched root stock with erect culms 0.5-1.5m high.  
Jim Smyle - Chairman

*Vetiver zizanioides V. Sw.*  
"vetiver"  
Paul Truong - Technical Director

*Vetiver zizanioides V. Sw.*  
"vetiver"  
Vetiver grass is widely used throughout the tropics for planting windbreaks, as an anti-erosion measure, for protective partitions in broad fields, and as a border for roads and gardens.
